U.S. Consumer Product Safety Commission – Fast Track Recall

Release Date: November 19, 2026

Vanderhall Recalls Brawley GTS Electric Recreational Off Highway Vehicles (ROVs) Due to Risk of Serious Injury or Death from Crash Hazard

Recall Summary

Name of Product: Model Year 2024-2026 Vanderhall Brawley GTS electric recreational off highway vehicles

Hazard: The braking system can unexpectedly engage when the vehicle is airborne causing the operator to experience a sudden brake lockup upon landing, posing a risk of serious injury or death from a crash hazard.

Remedy: Repair

Consumers should stop using their vehicles immediately and contact Vanderhall North America for instructions on how to receive updated firmware version 8.1.2 through the Vanderhall customer mobile app. The updated firmware was released on September 18, 2026, and can be identified by the Vanderhall logo. Owners requiring assistance updating their firmware should contact their dealer or Vanderhall directly for assistance.

Consumer Contact: Vanderhall North America, LLC by email at inquiry@vanderhallusa.com or online at https://dealer.vanderhallusa.com/contact, https://portal.vanderhallusa.com/safety_notices, under the name of "Vanderhall North America, LLC Recalls Motor Software Update" for more information.

About CPSC

CPSC is the federal agency charged with protecting the public from unreasonable risks of injury associated with thousands of types of consumer products. Deaths, injuries, and property damage from consumer product-related incidents cost the nation more than $1 trillion annually. Since the agency was established more than 50 years ago, CPSC has worked to ensure the safety of consumer products, contributing to a decline in related injuries.

Federal law prohibits any person from selling products subject to a Commission-ordered recall or to a voluntary recall undertaken in consultation with CPSC.
